

THE LEBANESE ASSOCIATION OF THE KNIGHTS OF MALTA/ ORDER OF MALTA LEBANON, IS LOOKING TO IMPLEMENT A NEW IT NETWORK AND DATACENTER INFRASTRUCTURE

The Order of Malta Lebanon has been operating in the health and social welfare sectors since 1957. It manages a network of 30 projects serving the most vulnerable populations, across the Lebanese territory including primary healthcare centers, mobile medical units, elderly day care centers, hosting centers for the differently abled and projects for the displaced and refugees. The Order of Malta Lebanon, with the support of its partner Malteser International (MI), has developed a comprehensive multi-annual program to strengthen its social and health services as well as its structures.

In this framework, the Lebanese Association of the Knights of Malta / Order of Malta Lebanon is releasing a call for Expression of Interest (EOI) to shortlist qualified and competent companies to supply of equipment, services, and support for the implementation of IT Network and Datacenter Infrastructure with high availability.

IT Network and Datacentre Infrastructure Vendors

Objective/Purpose of the assignment

The Lebanese Association of the Knights of Malta - LAKM is looking to implement information technology solutions that can be a leading driver to the association's growth. The new IT strategy can be summarized by implementing a new IT infrastructure (Main Office & Centers) with a goal to step towards a High-Availability Infrastructure, centralizing the service offering, reducing the management cost, and meeting different business/technical requirements and the vendors support standards by adopting state-of-the-art products and technologies.
